

Brian Hill

I am a native of Greenville, NC and a graduate of ECU with a BS in Business Administration. I also studied Advertising and Graphic Design from PCC.

Drawing, painting, design and other visual arts have always been my passions. Inspired by nature, photography, art and my own imagination, I begin with a vision of what I am creating and I then enjoy the process and mystery of painting.

I have worked in oils and watercolor and other mediums, but I'm now focusing on acrylics because they are so versatile and spontaneous. My art is pure abstraction with a painterly style and intense colors that speak to the emotions of the viewer.

My alliance with Greenville Brushstrokes allows me to grow artistically through associations with member artists and provides opportunities for shows and sales of my work.
